10th Regional EST Forum in Asia,
14-16 March 2017, Vientiane,
Lao PDR

Country Presentation

MALAYSIA

Malaysia has developed policies and strategies to avoid unnecessary travel and reduce trip distances...

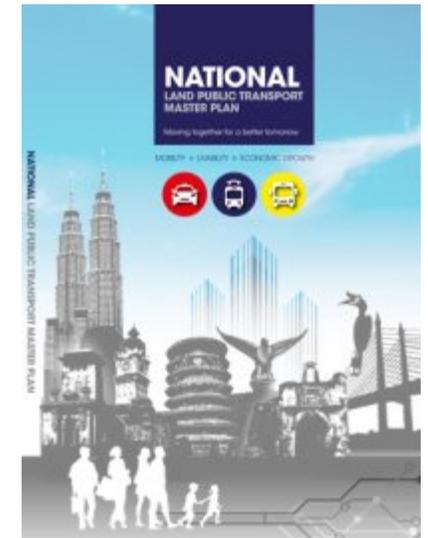

The National Physical Plan

National Logistic Masterplan

Government Transformation Program

Land Public Transport Master Plan

Malaysia has embarked strategies to improve transport practices and technologies... (cont.)

Air Quality

- New Ambient Air Quality Standard adopts 6 air pollutants (PM₁₀, PM_{2.5}, CO, SO₂, NO₂, O₃)
- Department of Environment to improve the current 52 station of ambient air quality
- Environmental Impact Assessment (EIA) Report for infrastructure projects
- DOE to review the current exhaust emission standards and regulation

There are several achievements can be seen in Malaysia

TOD Projects at selected LRT Stations

The development of KL Sentral as a transit hub

TOD Projects at selected MRT Stations

Challenges

Policy Implementation

- Coordination between agencies
- No lead agency for sustainable transport
- Lack of resources

Physical Infrastructure

- Absence of Central Technical Lab
- Lack of on the ground vehicle testing
- Expansion of urban transportation planning to other cities
- Insufficient parking

Behaviour & Information

- Promotions (MyCarbon, Initiatives, EE Labelling etc)
- Infra (Road pricing, Bus route, Integrated ticketing, ITIS)
- Programs (Car share, Load share)

THANK YOU
