Organizer

United Nations Centre for Regional Development (UNCRD) of Division for Sustainable Development Goals (DSDG) / UN DESA

*Duration of Webinars: Approximately 90 minutes

Date: 24 March 2022 (Thursday)	
Time	Programme
14:00- 15:30 JST (90 min)	Discussion on Successor of “Ha Noi 3R Declaration - Sustainable 3R Goals for Asia and the Pacific (2013-2023)” until 2030 aligning with the SDGs
14:00- 15:30 JST (90 min)	<p>Background: The Ha Noi 3R declaration - Sustainable 3R Goals for Asia and the Pacific for 2013-2023, voluntarily adopted by the 4th Regional 3R Forum in Asia, held in Ha Noi, Viet Nam (18 to 20 March 2013) is drawing to a close in two years. The Ha Noi 3R declaration with 33 goals and monitoring indicators (to assess progress in meeting them) embedded in avoid-shift-improve strategy, was the first regional declaration on the strengthening of environmentally sustainable waste management system and promoting 3R and resource circulation and circular economy in Asia-Pacific region. There is a need to initiate discussions on a possible follow-up agreement to the declaration. The continued need to improve access and sustainability of waste management in Asia-Pacific region together with the need to make the whole management system, services and infrastructures resilient merits a detailed discussion over the next years to extend the Regional 3R and Circular Economy Forum in Asia-Pacific region beyond 2023 and also a discussion on an overarching framework of the successor of Ha Noi 3R declaration. In conducting this discussion, it will be important to build on the strengths of the Ha Noi 3R declaration and address its shortcomings while taking account the changing focus in waste management system</p> <p>Session Chair: <i>Dr. Trung Thang Nguyen, Deputy Director General, Institute of Strategy and Policy on Natural Resources and Environment (ISPONRE), Ministry of Natural Resources and Environment (MONRE), Vietnam</i></p> <p>Facilitator/ Moderator: <i>Mr. Choudhury Rudra Charan Mohanty, Environment Programme Coordinator, United Nations Centre for Regional Development</i></p>

	<p>including 3R policies and innovative technologies. It is important that the successor is aligned with the timeframe of the 2030 Agenda for Sustainable Development/ SDGs.</p>	<p><i>(UNCRD)- DSDG/UN DESA</i></p>
	<p>Open Discussion (90 min)</p>	<p>Rapporteur: <i>Dr. Heinz Schandl, Senior Scientist, CSIRO, Australia and Dr. Anupam Khajuria, Researcher, United Nations Centre for Regional Development (UNCRD)-DSDG/UN DESA</i></p>
<p>End of Webinar</p>
