

AMBITIOUS ACTION
on Transport and
Climate Change
FEASIBLE NOW

We Are
Transport
!

Decarbonisation

Low carbon transport means halving our emissions
from transport before 2050

Are you ready?

Adaptation

80% of the world's population lives on coastal plains or near rivers, adapting our transport networks to a new climate is a BIG issue

—— *Did you know that?*

CAMPAIGN

CLIMATE
ACTIONS IN
TRANSPORT

Dynamism & Innovation

Transport is one of the most innovative and dynamic sectors in developing climate solutions

—— Surprised? www.ppmc-cop21/80dayscampaign

Urgency

Now is the time for taking action on transport
—— *Tomorrow is just one day too late*

PARIS PROCESS
ON MOBILITY AND CLIMATE

Connectivity & Accessibility

Sustainable and Low Carbon Transport provides access to all without noticing social status, colour or creed
~~—~~ *Everyone can get on board*

Finance

There are financing solutions for shifting to low carbon transport pathways

—— *Make it happen!*
