

Country 3R Progress Report

Name of the Country:

Nauru

Name, Designation and Organization Respondent:

**Grace Garabwan, Waste and Chemical Manager, Department of
Commerce Industry and Environment**

Other Ministries, Organizations, Agencies contributing to
Country Report:

Timeline of Submission: **15 February 2022** (Email:
3R@uncrd.or.jp)

Note: Kindly fill in Computer-typed and send it in PDF file

Progress and achievements towards implementation of the Ha Noi 3R Declaration

-Sustainable 3R Goals for Asia and the Pacific (2013-2023)-

With the objective of demonstrating renewed interests and commitments of Asia-Pacific countries towards realizing a resource efficient society, the Fourth Regional 3R Forum in Asia-Pacific in 2013 adopted the good-will and legally non-binding “*Ha Noi 3R Declaration – Sustainable 3R Goals for Asia and the Pacific 2013-23.*” The objective of the Country Reporting is to share among international community with various initiatives launched and efforts made (such as new policy instruments, legislations, regulations, institutional arrangements, investments or financing, technological innovation or intervention, partnership mechanisms, such as PPPs, etc.) by the member countries of the Forum in addressing each of the underlined goals of the Ha Noi 3R Declaration. This would help the member countries to share various best practices in 3R and resource efficiency areas across the region. In addition, it would also help bi-lateral and multi-lateral development agencies, donors, development banks in assessing the sustainable needs and challenges of those countries to better plan their existing as well as future capacity building programmes and technical assistance in the areas of 3Rs and sustainable waste management.

With the cooperation of other related ministries, organization and agencies, we request you to kindly fill and COMPUTER-TYPED in the below table and send in PDF format as much as possible with relevant data/information. If additional spaces are required, separate sheets could be attached.

Thank you very much for your kind cooperation.

Secretariat of the Regional 3R Forum in Asia and the Pacific
United Nations Centre for Regional Development (UNCRD)

11th Regional 3R Forum and Circular Economy Forum in Asia and the Pacific (Hybrid)

**Voluntary Progress/Achievements/Initiatives in
Implementing Ha Noi 3R Declaration (2013~2023)**

Country Name: Nauru

Email: 3R@uncrd.or.jp

|--|--|
| I. 3R Goals in Urban/Industrial Areas (3Rs in municipal solid waste) | |
| Goal 1 | Significant reduction in the quantity of municipal solid waste generated, by instituting policies, programmes, and projects at national and local levels, encouraging both producers and consumers to reduce the waste through greening production, greening lifestyle, and sustainable consumption. |
| Q-1 What specific 3R policies, programmes and projects, are implemented to reduce the quantity of municipal solid waste? | |
| <p>There is a pilot project for waste segregation for pilot school and community which its goal is ultimately Long term objective is to expand this pilot project island wide and establish a sustainable and self-sustaining recycling programme in Nauru. Also a programme conducted on a yearly basis which engages school and communities to practice waste segregation and the 3Rs. This is usually done during Environment Day 5th of June.</p> | |
| Q-2 What is the level of participation of households in “source” segregation of municipal waste streams? (Please check the appropriate bo) | |
| <input type="checkbox"/> Very High (> 90%) <input type="checkbox"/> High (>70%) <input type="checkbox"/> Average (50~70%) <input checked="" type="checkbox"/> Low or not satisfactory (< 50%) <input type="checkbox"/> Does not exist | |
| Q-3 Total annual government expenditure per capita (US\$ per capita) in municipal solid waste management in 2014-2015 | |
| Challenges (policy/ institutional/ technological/ financial) faced in implementation: | |
| <p>Lack of financial support No policy in place Lack of capacity building</p> | |
| Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant | |
| <ol style="list-style-type: none"> 1. Waste segregation Pilot Project 2. Intergrated Chemicals and Waste Management Policy | |
| Important policies/programmes/projects/master plans the government plans to undertake within net five years (2016~2021) | |
| <ol style="list-style-type: none"> 1. Intergrated Chemicals and Waste Management Policy 2. National Solid Waste Management Strategy | |
| Is this Goal relevant for your country? Highly <input type="checkbox"/> Partially <input type="checkbox"/> Not at all | |

| | |
|--|--|
| I. 3R Goals in Urban/Industrial Areas (3Rs in municipal solid waste) | |
| Goal 2 | Full-scale utilization of the organic component of municipal waste, including food waste, as a valuable resource, thereby achieving multiple benefits such as the reduction of waste flows to final disposal sites, reduction of GHG emission, improvement in resource efficiency, energy recovery, and employment creation. |
| Q-1 Does the central government have policies or support to utilize or reduce the organic waste such as composting, energy recovery and improving efficiency in food processing? | |
| No | |
| Q-2 What is happening to country's organic waste? (Please check the appropriate bo) | |
| <input checked="" type="checkbox"/> mostly landfilled <input type="checkbox"/> mostly incinerated <input type="checkbox"/> both landfilled and incinerated <input type="checkbox"/> mostly open dumped or open burned | |
| Challenges (policy/ institutional/ technological/ financial) faced in implementation: | |
| Lack of financial support No policy in place Lack of capacity building | |
| Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant | |
| Important policies/programmes/projects/master plans the government plans to undertake within net five years (2016~2021) | |
| Intergrated Chemicals and Waste Management Policy National Solid Waste Management Strategy | |
| Is this Goal relevant for your country? <input type="checkbox"/> Highly <input checked="" type="checkbox"/> Partially <input type="checkbox"/> Not at all | |

I. 3R Goals in Urban/Industrial Areas (3Rs in municipal solid waste)

Goal 3 Achieve significant **increase in recycling rate** of recyclables (e.g., plastic, paper, metal, etc.), by introducing policies and measures, and by setting up financial mechanisms and institutional frameworks involving relevant stakeholders (e.g., producers, consumers, recycling industry, users of recycled materials, etc.) and development of modern recycling industry.

Q-1 What is the recycling rate of various recyclables? (Please check the appropriate cell & add more waste streams as relevant for the country)

| Rate \ Type | Very High (>90%) | High (>70%) | Average (50~60%) | Poor (<50%) | Recycling does not exist | Definition of recycling rate* |
|--------------------|------------------|-------------|------------------|-------------|--------------------------|-------------------------------|
| Paper | | | | ✓ | | |
| Plastic | | | | ✓ | | |
| Metal | | | | ✓ | | |
| Construction waste | | | | ✓ | | |
| e-waste | | | | ✓ | | |
| others | | | | | ✓ | |

**Note: Please specify in the cell which of the following definitions (ie., 1 or 2 or 3) is followed for recycling rate*
 Definition 1: (collected recyclable waste)/(estimated generation of waste)
 Definition 2: (volume of utilized recyclable waste)/(volume of raw material)
 Definition 3: (volume of utilized recyclable waste)/(volume of collected waste for recycling)

Q-2 What specific policies are introduced at local and national level for prevention or reduction of waste streams – paper, plastic, metal, construction waste, e-waste?

[National Solid Waste Management Strategy](#)

Q-3 What is the rate of resource recovery from various waste streams?

| Rate \ Type | Very High (>90%) | High (>70%) | Average (50~60%) | Poor (<50%) | Recycling does not exist |
|--------------------|------------------|-------------|------------------|-------------|--------------------------|
| Paper | | | | ✓ | |
| Plastic | | | | ✓ | |
| Metal | | | | ✓ | |
| Construction waste | | | | ✓ | |
| e-waste | | | | ✓ | |

(Please check the appropriate cell & add more waste streams as relevant for the country)

Q-4 What is the level of existence of resource recovery facilities/ infrastructures in cities?

| Level \ Type | Every Major City | Few Major Cities only | Does not exist | Supportive policy or programmes exist | No supportive policy or programmes |
|--------------------|------------------|-----------------------|----------------|---------------------------------------|------------------------------------|
| Paper | | | | ✓ | |
| Plastic | | | | ✓ | |
| Metal | | | | ✓ | |
| Construction waste | | | | ✓ | |
| e-waste | | | | ✓ | |

| | |
|---|---|
| I. 3R Goals in Urban/Industrial Areas (3Rs in municipal solid waste) | |
| Goal 3 | Achieve significant increase in recycling rate of recyclables (e.g., plastic, paper, metal, etc.), by introducing policies and measures, and by setting up financial mechanisms and institutional frameworks involving relevant stakeholders (e.g., producers, consumers, recycling industry, users of recycled materials, etc.) and development of modern recycling industry. |
| Challenges (policy/ institutional/ technological/ financial) faced in implementation: Lack of financial support No policy in place Lack of capacity building | |
| Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant N/A | |
| Important policies/programmes/projects/master plans the government plans to undertake within net five years (2016~2021) Intergrated Chemicals and Waste Management Policy National Solid Waste Management Strategy | |
| Is this Goal relevant for your country? Highly <input type="checkbox"/> Partially <input type="checkbox"/> Not at all | |

| I. 3R Goals in Urban/Industrial Areas (3Rs in municipal solid waste) | |
|--|--|
| Goal 4 | <p>Build sustainable cities /green cities by encouraging “zero waste” through sound policies, strategies, institutional mechanisms, and multi - stakeholder partnerships (giving specific importance to private sector involvement) with a primary goal of waste minimization</p> |
| <p><i>Q-1 What specific waste management policies and programmes are introduced to encourage private sector participation in municipal waste management?</i></p> <p>Any policies strategies framework Institutional mechanisms- stakeholder groups committee Public private partnership</p> | |
| <p><i>Q-2 What are the major waste management areas that have strong involvement of private and business sector?</i> (Please check appropriate boxes and add other areas if not listed below)</p> <p><input checked="" type="checkbox"/> waste collection <input type="checkbox"/> resource recovery <input checked="" type="checkbox"/> waste recycling <input type="checkbox"/> waste to energy, composting, etc. <input type="checkbox"/> PPP projects in waste sector</p> | |
| <p><i>Challenges (policy/ institutional/ technological/ financial) faced in implementation:</i></p> <p>Lack of financial support No policy in place Lack of capacity building</p> | |
| <p><i>Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant</i></p> <p>N/A</p> | |
| <p><i>Important policies/programmes/projects/master plans the government plans to undertake within net five years (2016~2021)</i></p> <p>Intergrated Chemicals and Waste Management Policy National Solid Waste Management Strategy</p> | |
| <p><i>Is this Goal relevant for your country?</i> <input checked="" type="checkbox"/> Highly <input type="checkbox"/> Partially <input type="checkbox"/> Not at all</p> | |

| I. 3R Goals in Urban/Industrial Areas (3Rs in Industrial waste) | |
|---|---|
| Goal 5 | Encourage the private sector , including small-and medium-sized enterprises (SMEs) to implement measures to increase resource efficiency and productivity , creation of decent work and to improve environmentally-friendly practices through applying environmental standards, clean technologies, and cleaner production. |
| <p><i>Q-1 What are the major clean technology related policies aiming to increase energy and resource efficiency of SMEs?</i></p> <p>Solar Power Energy Project</p> <p><i>Q-2 What are the capacity building programmes currently in place to build the technical capacity of SMEs in 3R areas?</i></p> <ul style="list-style-type: none"> N/A | |
| <p><i>Challenges (policy/ institutional/ technological/ financial) faced in implementation:</i></p> <p>Lack of financial support No policy in place Lack of capacity building</p> | |
| <p><i>Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant</i></p> <p>https://nauru-data.sprep.org/group/1</p> | |
| <p><i>Important policies/programmes/projects/master plans the government plans to undertake within net five years (2016~2021)</i></p> <p>Intergrated Chemicals and Waste Management Policy National Solid Waste Management Strategy</p> | |
| <p><i>Is this Goal relevant for your country?</i> <input type="checkbox"/> Highly <input checked="" type="checkbox"/> Partially <input type="checkbox"/> Not at all</p> | |

I. 3R Goals in Urban/Industrial Areas (3Rs in Industrial waste)

Goal 6 Promote the **greening of the value chain** by encouraging industries and associated suppliers and vendors in socially responsible and inclusive ways. *N/A*

Q-1 *What percent of companies and industries have introduced green accounting and voluntary environmental performance evaluation (Ref: ISO 14000)?*

- Very High (> 90%)
- High (>70%)
- Average (50--70%)
- Low or not satisfactory (< 50%)
- None

Q-2 *What percent of companies and industries have introduced social accounting (Ref: SA 8000) in consultation with their workers?*

- Very High (> 90%)
- High (>70%)
- Average (50--70%)
- Low or not satisfactory (< 50%)
- None

Q 3 *Does government have a programme for promoting greening of the value chain? What specific policies, programmes and incentives are introduced to promote greening of value chain?*

N/A

Challenges (policy/ institutional/ technological/ financial) faced in implementation:

*Lack of financial support
No policy in place
Lack of capacity building*

Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant

Important policies/programmes/projects/master plans the government plans to undertake within net five years (2016~2021)

*Intergrated Chemicals and Waste Management Policy
National Solid Waste Management Strategy*

Is this Goal relevant for your country? Highly Partially Not at all

| I. 3R Goals in Urban/Industrial Areas (3Rs in Industrial waste) | |
|---|---|
| Goal 7 | Promote industrial symbiosis (i.e., recycling of waste from one industry as a resource for another), by providing relevant incentives and support. N/A |
| <p><i>Q-1 Does your government have policies and programmes promoting industrial symbiosis in industrial parks or zones? What specific policies, programmes and incentives are introduced to promote industrial symbiosis?</i></p> <p>List major industries, requires capacity building to promote</p> <p><i>Q-2 How many eco-industrial parks or zones or the like, which is supported by the government, are there in the country?</i></p> <p>N/A</p> | |
| <p><i>Challenges (policy/ institutional/ technological/ financial) faced in implementation:</i></p> <p>Lack of financial support No policy in place Lack of capacity building</p> | |
| <p><i>Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant</i></p> <p>N/A</p> | |
| <p><i>Important policies/programmes/projects/master plans the government plans to undertake within net five years (2016~2021)</i></p> <p>Intergrated Chemicals and Waste Management Policy National Solid Waste Management Strategy</p> | |
| <p><i>Is this Goal relevant for your country?</i> <input type="checkbox"/> Highly <input type="checkbox"/> Partially <input type="checkbox"/> Not at all</p> | |

| I. 3R Goals in Urban/Industrial Areas (3Rs in Industrial waste) | |
|---|---|
| Goal 8 | Build local capacity of both current and future practitioners, to enable the private sector (including SMEs) to obtain the necessary knowledge and technical skills to foster green industry and create decent, productive work. N/A |
| <p><i>Q-1 How many dedicated training facilities or centers are there to cater the needs of SMEs and practitioners in the areas of cleaner production, resource efficiency and environment-friendly technologies, etc.?</i></p> <p><i>Lack of local capacity building, lack of support for practitioners, no support for SMEs</i></p> | |
| <p><i>Q-2 Please provide an indicative figure on annual government (US \$) expenditure on building technical capacity of SMEs and practitioners in the areas of cleaner production, resource efficiency and environment-friendly technologies, etc.?</i></p> <p>N/A</p> | |
| <p>Challenges (policy/ institutional/ technological/ financial) faced in implementation:</p> <p>Lack of financial support No policy in place Lack of capacity building</p> | |
| <p>Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant</p> | |
| <p>Important policies/programmes/projects/master plans the government plans to undertake within net five years (2016~2021)</p> <p>Intergrated Chemicals and Waste Management Policy National Solid Waste Management Strategy</p> | |
| <p>Is this Goal relevant for your country? <input checked="" type="checkbox"/> Highly <input type="checkbox"/> Partially <input type="checkbox"/> Not at all</p> | |

| I. 3R Goals in Urban/Industrial Areas (3Rs in Industrial waste) | |
|---|---|
| Goal 9 | Develop proper classification and inventory of hazardous waste as a prerequisite towards sound management of such waste. |
| <p>Q-1 Is there a systematic classification of hazardous waste? If so, please attach.</p> <p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> | |
| <p>Q-2 What specific rules and regulations are introduced to separate, store, treat, transportation and disposal of hazardous waste?</p> <p>Nothing is in place, medical health waste. Public Health Act which is still indraft. Other hazardous waste will be included in the Intergrated Waste and chemical Management Policy which is still being developed under the Special Programme</p> | |
| <p>Challenges (policy/ institutional/ technological/ financial) faced in implementation:</p> <p>Lack of financial support No policy in place Lack of capacity building</p> | |
| <p>Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant</p> <p>https://nauru-data.sprep.org/group/1</p> | |
| <p>Important policies/programmes/projects/master plans the government plans to undertake within net five years (2016~2021)</p> <p>Intergrated Chemicals and Waste Management Policy</p> | |
| <p>Is this Goal relevant for your country? <input checked="" type="checkbox"/> Highly <input type="checkbox"/> Partially <input type="checkbox"/> Not at all</p> | |

| II. 3R Goals in Rural Areas | |
|---|--|
| Goal 10 | Reduce losses in the overall food supply chain (production, post harvesting and storage, processing and packaging, distribution), leading to reduction of waste while increasing the quantity and improving the quality of products reaching consumers. |
| <i>Q-1 What specific policies, rules and regulations, including awareness programmes, are introduced to minimize food or crop waste?</i> | |
| None | |
| <i>Q-2 Is there any continuing education services or awareness programmes for the farmers or agricultural marketing associations on reduction of crop wastes for increased food security?</i> | |
| None | |
| <i>Q-3 What is the average wastage of crops or agricultural produce between farms to consumers, if there is a study in your country?</i> | |
| <input type="checkbox"/> Very High (> 20~ 30%) <input type="checkbox"/> High (10~20%) <input type="checkbox"/> Medium (5~10%) <input checked="" type="checkbox"/> Low (< 5%) check audit report <input type="checkbox"/> Negligible (<1%) | |
| <i>Challenges (policy/ institutional/ technological/ financial) faced in implementation:</i> | |
| Lack of financial support No policy in place Lack of capacity building | |
| <i>Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant</i> | |
| https://nauru-data.sprep.org/group/1 | |
| <i>Important policies/programmes/projects/master plans the government plans to undertake within net five years (2016~2021)</i> | |
| Intergrated Chemicals and Waste Management Policy National Solid Waste Management Strategy | |
| <i>Is this Goal relevant for your country?</i> <input type="checkbox"/> Highly <input checked="" type="checkbox"/> Partially <input type="checkbox"/> Not at all | |

| II. 3R Goals in Rural Areas | |
|---|---|
| Goal 11 | Promote full scale use of agricultural biomass waste and livestock waste through reuse and/or recycle measures as appropriate, to achieve a number of co - benefits including GHG emission reduction, energy security, sustainable livelihoods in rural areas and poverty reduction, among others. |
| <i>Q-1 How much amount of – (a) agricultural biomass waste and (b) livestock waste are grossly generated per annum?</i> | |
| Check waste audit report | |
| <i>Q-2 How are most of the agricultural biomass wastes utilized or treated?</i> (Please <u>check all appropriate boxes</u>) | |
| <input type="checkbox"/> as secondary raw material input (for paper, bioplastic, furniture, etc.) <input type="checkbox"/> biogas/electricity generation <input type="checkbox"/> composts/fertilizers <input type="checkbox"/> mostly left unutilized or open dumped <input type="checkbox"/> mostly open burned | |
| <i>Q-3 What specific policies, guidelines, and technologies are introduced for efficient utilization of agricultural biomass waste and livestock waste as a secondary material inputs towards full scale economic benefits? Relevant websites could be shared for additional information.</i> | |
| none | |
| <i>Challenges (policy/ institutional/ technological/ financial) faced in implementation:</i> | |
| Lack of financial support No policy in place Lack of capacity building | |
| <i>Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant</i> | |
| https://nauru-data.sprep.org/group/1 | |
| <i>Important policies/programmes/projects/master plans the government plans to undertake within net five years (2016~2021)</i> | |
| Intergrated Chemicals and Waste Management Policy | |
| <i>Is this Goal relevant for your country?</i> <input type="checkbox"/> Highly <input checked="" type="checkbox"/> Partially <input type="checkbox"/> Not at all | |

| III. 3R Goals for New and Emerging Wastes | |
|---|--|
| Goal 12 | Strengthen regional, national, and local efforts to address the issue of waste, in particular plastics in the marine and coastal environment. |
| <i>Q-1 What specific policies and regulations are in place to address the issue of plastic wastes in coastal and marine environment?</i> | |
| <p>Environment Management and Climate Change Act Regulation- Ban on single-use plastic shopping bags Litter Act</p> | |
| <i>Q-2 What extent issue of plastic waste is considered in integrated coastal zone management (ICZM)? (Please check the appropriate box)</i> | |
| <input checked="" type="checkbox"/> Very much <input type="checkbox"/> Somehow <input type="checkbox"/> Not at all | |
| <i>Q-3 Please provide a list of centres of excellence or dedicated scientific and research programmes established to address the impacts of micro-plastic particles (<5 mm) on coastal and marine species? If yes, please provide relevant websites.</i> | |
| none | |
| <i>Challenges (policy/ institutional/ technological/ financial) faced in implementation:</i> | |
| <p>Lack of financial support No policy in place Lack of capacity building</p> | |
| <i>Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant</i> | |
| https://nauru-data.sprep.org/group/1 | |
| <i>Important policies/programmes/projects/master plans the government plans to undertake within next five years (2016~2021)</i> | |
| <p>Integrated Chemicals and Waste Management Policy National Solid Waste Management Strategy</p> | |
| <i>Is this Goal relevant for your country?</i> <input checked="" type="checkbox"/> Highly <input type="checkbox"/> Partially <input type="checkbox"/> Not at all | |

III. 3R Goals for New and Emerging Wastes

Goal 13 Ensure **environmentally-sound management of e-waste** at all stages, including collection, storage, transportation, recovery, recycling, treatment, and disposal with appropriate consideration for working conditions, including **health and safety aspects** of those involved.

Q-1 How do people usually recycle their e-waste (waste electrical and electronic equipment)?
(Please check the appropriate box in order of priority by filling in numbers like 1, 2, 3, 4,...etc., for example 1 => Highest priority)

| Check if applicable | Number in priority order | |
|---------------------|--------------------------|---|
| | 5 | Take to recycling center / resource recovery facilities |
| ✓ | 2 | Take to landfill |
| | 6 | Take to the retailer |
| | 4 | Take to local charity for re-use |
| | 3 | Take to second-hand shop for re-use |
| | 7 | Ship back to the manufacturer |
| | 7 | Ship back to the manufacturer |
| | 8 | Recycle in another country |
| ✓ | 1 | Do not know how people dispose |

Q-2 What specific policies and regulations are in place to ensure health and safety aspects of those involved in e-waste management (handling/sorting/resource recovery/recycling)?

N/A

Q-3 How much amount of e-waste is generated and recycled per year?

| Type of e-waste | Estimated total volume generated (ton/year) | % of collected by permitted recycler | % of volume recycled in collected |
|------------------|---|--------------------------------------|-----------------------------------|
| Television | N/A | N/A | N/A |
| Computer | N/A | N/A | N/A |
| Mobile phone | N/A | N/A | N/A |
| Refrigerators | N/A | N/A | N/A |
| Washing machines | N/A | N/A | N/A |
| Air conditioners | N/A | N/A | N/A |
| Others... | N/A | N/A | N/A |

Challenges (policy/ institutional/ technological/ financial) faced in implementation:

Lack of financial support
No policy in place
Lack of capacity building

Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant

<https://nauru-data.sprep.org/group/1>

Important policies/programmes/projects/master plans the government plans to undertake within net five years (2016~2021)

Intergrated Chemicals and Waste Management Policy

| IV. 3R Goals for Cross-cutting Issues | |
|--|--|
| Goal 26 | Facilitate the international circulation of re-usable and recyclable resources as well as remanufactured products as mutually agreed by countries and in accordance with international and national laws, especially the Basel Convention, which contributes to the reduction of negative environmental impacts and the effective management of resources. N/A |
| Q-1 What are major recycling industries in your country? | |
| N/A | |
| Q-2 Please specify the regulation on transboundary movement of hazardous waste. | |
| No regulations however the country abides by the Basel convention on the transboundary movement of hazardous wastes | |
| Q-3 If your government has restriction on import of non-hazardous waste or quality control of non-hazardous waste, please list it up. | |
| Ban for Single-use plastic shopping bags regulation | |
| Q-4 Does your government restrict import of remanufactured goods? | |
| no | |
| Q-5 Does your government regard remanufactured goods as secondhand goods, and regulate it as secondhand goods? | |
| yes | |
| Challenges (policy/ institutional/ technological/ financial) faced in implementation: | |
| Lack of financial support No policy in place Lack of capacity building | |
| Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant | |
| N/A | |
| Important policies/programmes/projects/master plans the government plans to undertake within net five years (2016~2021) | |
| N/A | |
| Is this Goal relevant for your country? <input checked="" type="checkbox"/> Highly <input type="checkbox"/> Partially <input type="checkbox"/> Not at all | |

IV. 3R Goals for Cross-cutting Issues

Goal 27 Promote data collection, compilation and sharing, public announcement and application of statistics on wastes and the 3Rs, to understand the state of waste management and resource efficiency.

Q-1 Please give an overview on availability of various data and information on material flow and waste management by checking (or ✓) the appropriate boxes. (Please respond on both "Data Availability" and Monitoring Base")

| Data Type | Data Availability | | | Monitoring Base | |
|--|-------------------|--------------|---------------|-----------------|----------|
| | Good | Very limited | No data exist | Good | Not good |
| Waste generation | ✓ | | | | ✓ |
| Material flow | ✓ | | | | ✓ |
| Cyclical use | ✓ | | | | ✓ |
| Amount of final disposal | ✓ | | | | ✓ |
| Disposal to land | ✓ | | | | ✓ |
| Direct disposal to water | ✓ | | | | ✓ |
| Import of waste | ✓ | | | | ✓ |
| Export of waste | ✓ | | | | ✓ |
| Total landfilled waste | ✓ | | | | ✓ |
| Import of recyclables | | | ✓ | | ✓ |
| Export of recyclables | | | ✓ | | ✓ |
| Hazardous waste generation (solid, liquid, sludge, etc.) | | | ✓ | | ✓ |
| e-waste generation | | | ✓ | | ✓ |

(Please add any other data type relevant to your country)

Q-2 What are the current and planned government policies and programmes to strengthen data and information availability in waste sector?

NO policies and programmes however meetings are being held between 2 agencies to improve data and information

Challenges (policy/ institutional/ technological/ financial) faced in implementation:
 Lack of financial support
 No policy in place
 Lack of capacity building

Examples of pilot projects, master plans and/or policies developed or under development – include websites where relevant
 N/A

Important policies/programmes/projects/master plans the government plans to undertake within net five years (2016~2021)
 N/A
