Date: 28 March 2022 (Online)

Co-organizers/Supporting Organizations: Organizers- United Nations Centre for Regional Development (UNCRD) Japan

Number of participants: 65 participants

Number of participated countries: 23 countries

Abstract: DSDG/UNCRD organized a consultative webinar on the thematic sections of the ongoing Second State of 3R and Circular Economy in Asia and the Pacific on 28 March 2022. The webinar was registered by 141 participants (participated 65 participants) from 23 countries comprising of high level national and local government representatives and policy makers, experts and international resource persons, representatives of UN and international organizations, including international financial institutions, multilateral development banks and donor agencies, representatives of the private sectors, NGOs and other stakeholders. The Second State of 3R and Circular Economy report will be an experts' assessment on the progress made on implementation of the goals of Ha Noi 3R Declaration- Sustainable 3R Goals for Asia and the Pacific (2013 - 2023). The webinar discussed the scope and coverage of the four thematic-sections such as - agricultural biomass waste and livestock waste, electronic waste, wastewater management and food waste. It was recommended, among others, that the report should be build around three key aspects - decarbonization, resource circulation and waste minimization. More details are available at:
